

COGITARE

About:

COGITARE is a monthly programming competition organised by Indian Research Journal on Advanced Technologies (IRJAT) to hunt the best brains in competitive programming across the globe. This competition provides a platform to the programmers to show off and level up their skills.

Description:

There will be total of 5 rounds, each round will be having three questions. With the rounds, the difficulty of the questions will be increased accordingly.

Round 1: 10:00 PM IST

Round 2: 12:30 AM IST

Round 3: 5:30 AM IST

Round 4: 11:30 AM IST

Round 5: 3:30 PM IST

Perks:

Prizes worth INR 2000

Additional Perks

- Certificate of merit to top 3 programmers.
- 40% discount to top 3 programmers on publication of a research paper in Volume 1 Issue 2 of the Indian Research Journal on Advanced Technologies (IRJAT).
- Certificate of participation to all programmers, who have appeared in all the rounds and submitted code for atleast 1 question in each round.

Rules

The creator of this contest is solely responsible for setting and communicating the eligibility requirements associated with prizes awarded to participants, as well as for procurement and distribution of all prizes. The contest creator holds HackerRank harmless from and against any and all claims, losses, damages, costs, awards, settlements, orders, or fines.

Code directly from our platform, which supports over 30 languages.

Scoring

- Each challenge has a pre-determined score.
- A participant's score depends on the number of test cases a participant's code submission successfully passes.
- If a participant submits more than one solution per challenge, then the participant's score will reflect the highest score achieved. In a game challenge, the participant's score will reflect the last code submission.
- Participants are ranked by score. If two or more participants achieve the same score, then the tie is broken by the total time taken to submit the last solution resulting in a higher score
